distinctions as far as possible while one servant of the Board gets an allowance on account of costliness of living, there is no reason why another servant should not. Further there seems to be no principle on which the allowances are granted. The scale of allowance fixed in rule 9 of the 9th June 1903 may be adopted and allowance granted at the rate mentioned therein to all the servants of the Board except Hotels. It is doubtful if the latter are servants who may be regarded as whole time servants and entitled to pension, in the same way as the former are. In the municipalities they are not so regarded. Hence the distinction between them and the other servants of the Board.

Ref to Rules 9/10

Subsequent to the order of June 1903, special rates have been sanctioned to 5 officials of the Salary Board & 13 officials of the Education Department. The rates allowed in these Depts were those sanctioned prior to June 1903. The costliness of living is the primary consideration for the grant of allowance.

24) I am not sure if, When passing the order of 15th Decr 1904, the Govt were right in assuming that the Order of 9th June 1903 was intended to be applied to the special area of the K.G. fields as distinguished from the rest of the Bowringpett Taluk. It is significant that there is no reference in the last-mentioned order to the K.G. Fields, which is the most important portion of the Taluk.

25) However this may be, there is the fact that the scale laid down in the order of 1903 has been declared by the order of 1904 to be applicable to the K.G. Fields also. I can have to accept that fact for present purposes.

26) In so far as any allowances in excess of that scale are merely consequential upon the order of 1903-04, they must be treated as regular and allow-

43) There must be some general rule in regard to the allowances. The order of Dec 1904, as it stands, is applicable to the whole of the Bowringpet Taluk including the Kolar Gold Fields and it expressly lays down that the rates of allowances in all departments should be the same as those fixed in the order of June 1903. The powers of the Sanitary Boards do not mean that the rates fixed in the order of June 1903 are too low and that even the present rates of local allowances which the officials of the Sanitary Board have been drawing and which are much in excess of those fixed in the order referred to above are not adequate - But the clerks of the Kolar Gold Fields Health Officer however in

	61 Of the several departments dealt with in this file the only ones that need be considered are the Sanitary Board Establishments and the Police in the Kolar Gold Fields. In the case of the others the orders of 1904 are being given effect to. On going through the papers I find that Government have themselves been sanctioning allowances in excess of that admissible under the orders of 1903 and 1904 e.g.. Government Order No. 12569-70/L.B.45-8-05 dated 8th June 1906 sanctioning an Accountant and Cashier on a salary of Rs. 35 + 10 for the Sanitary Boards Office Establishment. Whether this was intentional or inadvertent it is not possible to say.
	62 As the President, Sanitary Board, Kolar Gold Fields and the Inspector General of Police are of opinion that the allowances at enhanced rates now drawn by the Sanitary Boards establishment and the Police at the Kolar Gold Fields should be continued independently of the Government Order of 1904, in consideration of the arduous nature of their duties in addition to costliness of living, the Financial Department will not press for the orders of 1904 being applied to them if the administrative reasons given are considered sufficient. The question may be decided accordingly without further critical examination of the orders of 1903 and 1904. Only it will be necessary to issue a separate order

	officers		The order cited in col 3 authorises the grant of local allowances varying from Rs 2 to 40 to 32 hands of the court establishment. From the statement now received it appears that there are only 22 persons in the establishment & that all of them are in receipt of allowances varying from 1 Re to 10 Rs. In G.P no 5-147-89 dated 5th Dec 1904 it was directed that the higher rates of allowances sanctioned to the official & menials of the V&Z should be made to conform to the rates prescribed in G.O No 9 dated 9th June 1903 and that when vacancies may be caused by promotion or retirement the present recipients should be allowed to continue to draw the higher rate of allowance till they vacated office and this order seems to have been given effect to in the case of some offs. The Head Munshi & the Day Munshi draw only Rs 30 & 20 respectively while the other munshis get Rs 10 each. Some of the process servers draw Re 1, while others draw Rs 2/-

Sir,

With reference to your letter No.2634-L.B.375-08-4 dated the 15th Instant, forwarding a copy of a list of officials of the Office of the Assistant Commissioner and 1st class Magistrate and the Munsiff's Court in the Kolar Gold Fields who are in receipt of local allowances and requesting to be informed why the allowances drawn by some of them are higher than those prescribed in the G.O.of the 9th June 1903, I am directed to state that the allowances to the officials of the Kolar Gold Fields Court were originally sanctioned by Government Proceedings dated 11th March 1895. The Munsiff's Court was abolished in September 1901. When the Proceedings quoted viz. those of 9th June 1903 and 15th December 1904 were issued the Court did not exist. It was reconstituted in October 1903 and this Court followed the Proceedings of 11th March 1895 in fixing the local allowances and Government sanctioned the same in their Proceedings dated 5th November 1903. In the case of men however who were subsequently appointed the rates fixed in the later orders were adopted.

Sir,

Adverting to your docket No.2632/L.B.375-08-3 dated the 15th September 1909 anent the Local Allowances drawn by the Sanitary Board Officials. I have the honor to state the Government order of December 1904 regarding the reduction of local allowances so as to conform to rates specified in Government Proceedings of June 1903 which has been in force in Revenue and other Departments is not applicable to the Sanitary Board officials whose scale of allowances has been regulated in accordence with Government orders passed from time to time on the recommendations of the Sanitary Board for special rates of allowances in consideration of the arduous nature of duties and responsibilities attached to the several posts concerned.

2. I may also state that the Sanitary Board are not in receipt of the said Government Proceedings of December 1904 and that the local allowances for the posts of Cashier and the Market Sergeant have been sanctioned only recently in pursuance of Government Proceedings Nos. 12569-70/L.B.458-05-2 and 9094-5/L.B.208-08- dated 8th June 1906 and 18th March 1909 respectively.

3. In this connection, I beg to state that in consideration of the nature of duties attached to the several posts of the Sanitary Board office establishment and the costly living in the Kolar Gold Fields area where house rents and the prices of food stuffs are comparatively high - even the present rates of local allowance are not quite adequate.

SIR,

With reference to your letter No. 2636/L.R.375-08-4 dated 15th September 1909 re the local allowance drawn by the Kolar Gold Fields Police, I have the honor to forward herewith copy of letter No.C.56 dated 6th instant from the Deputy Commissioner, Kolar District, on the subject and to state that I fully concur with the Deputy Commissioner in stating that it is a special local allowance granted to the Police of the Kolar Gold ~~Police~~ Fields under Government Proceedings N 12192-95/J.984 dated the 23rd January 1902 having had in view the special circumstances of the arduous duties of the Kolar Gold Fields Police apart from its being a costly place. It may be noted that, in consideration of this view the Police constable gets an allowance of Rs.4/- per mensem in addition to his pay. Thus the local allowances to the Kolar Gold Fields Police are unaffected by the Proceedings of Government either of the 9th June 1903 or 15th December 1904 referred to in your letter under reply.

Letter No.56 dated 6th August 1910 from the Deputy Commissioner, Kolar District, to the Inspector-General of Police, in Mysore

"With reference to your No.2000-107 dated 1st October 1909, forwarding for report copy of the General and Revenu Secretary's letter No.2636-L.B.375-08-4 dated 15th September 1909, re the higher rate of local allowance the Kolar Gold Fields Police is drawing, I have the honor to state as follows:-

During the re-organization of the Police Force of the Kolar Gold Fields Circle, between the years 1900 and 1902 a special higher rate of local allowance was sanctioned by Government in their Proceedings No.12192-95/J.984 dated 23rd January 1902 to the Police Force, not merely on ground of the extra cost of living on the Gold Fields which no doubt is a common factor to officials of all departments, but more expressly in view of the more onerou and responsible duties imposed particularly upon the Polic by the improved system of night beat and patrol duty they had to perform in order to keep a much closer and more vigilant watch over a most promiscuous class of the highly inflated floating population that congregate there from various parts of the country, as well as of the far greate standard of merit, character and efficiency expected of th Force, especially in the line of detection &c and various other miscellaneous duties, not to lose sight of the still ~~more~~ weightier grounds of expediency to keep them, above all others, less liable to the temptations and evil influences of their surroundings to which officials of no other department are so exposed.

The conditions and circumstances of the sanction of such higher rate of allowances to the Kolar Gold Fields Police being thus of a very special nature, it has all along been understood and treated as such, applicable to
